

ALEA

ATREO

ATREO

ATREO features a metal leg frame that supports desktops with melamine finish, 30mm thick. The design of the legs is repeated in the originally trapezoidal-shape screens in acrylic, 6mm thick, or in wood with melamine or lacquer finish, with metal profile equipped for accessories. For back-to-back multiple workstations, central melamine supports are used, ideal for housing cables.

ATREO se caractérise par un piètement-tréteau soutenant les plans de travail en mélaminé de 30 mm d'épaisseur. On retrouve également le design du piètement dans la forme originale et trapézoïdale des cloisonnettes en acrylique de 6 mm d'épaisseur ou en bois mélaminé laqué équipées d'un profil métallique pouvant être aménagé. Les postes de travail multiples face à face sont équipés au centre de supports en mélaminé qui servent également au passage des câblages.

ATREO zeichnet sich durch das Metallbein in Form eines "Stützbocks" aus, das Arbeitsplatten aus Melamin Stärke 30 mm trägt. Das Design des Stützbeins wiederholt sich in der ausgefallenen trapezförmigen Fassonierung der Sichtschutzblenden aus 6 mm starkem Methacrylat oder aus Holz mit lackierter Melaminbeschichtung mit ausstattbarem Metallprofil. Bei gegenüber liegenden Mehrfacharbeitsplätzen werden zentrale Stützelemente aus Melamin eingesetzt, die auch zur Unterbringung der Kabel dienen.

ATREO se caracteriza por la pata metálica con caballete que sostiene sus superficies de trabajo con revestimiento melamínico de 30 mm de espesor. El diseño de la pata se retoma en la original forma trapezoidal de las pantallas de acrílico de 6 mm de espesor o de madera con revestimiento melamínico-lacado y perfil metálico equipable. En las estaciones de trabajo múltiples contrapuestas se utilizan soportes centrales de melamina idóneos para alojar los cables.

design:
Filippon

A photograph of a modern, minimalist white desk. On the right side of the desk, there is a computer monitor on a black stand and a black keyboard. The desk has a clean, white surface and a white side panel. The background is a light-colored wall.

ATREO si caratterizza per la gamba metallica a cavalletto a sostegno di piani di lavoro in nobilitato melaminico di spessore 30 mm. Il design della gamba si rilegge nella originale sagomatura trapezoidale degli screen in acrilico spessore 6 mm o in legno melaminico-laccato con profilo metallico attrezzabile. Nelle postazioni multiple contrapposte vengono utilizzati supporti centrali in melaminico adatti anche al contenimento dei cavi.

ATREO

ATREO

ATREO legs comprise an epoxy powder lacquered metal profile. The profile is available in 5 different colours: in grey and white, or in new shades of orange, green and blue. Other elements are available to match the colour of the legs: hook-on methacrylate screens, pedestals and cupboards with plain doors in melamine or with aluminium frame with acrylic filler panels.

Le piètement du modèle ATREO a été réalisé en profil de métal laqué époxy; il est proposé en 5 différents coloris: gris, blanc et dans les nouveautés orange, vert et bleu. On peut assortir le coloris du piètement à celui des cloisonnettes en méthacrylate, des caissons de rangement et des armoires à portes pleines en mélaminé ou à portes avec cadre en aluminium et panneau central en acrylique.

Das Stützbein von ATREO besteht aus epoxydpulverbeschichtetem Metallprofil und ist in 5 verschiedenen Farben lieferbar: Grau, Weiß und die neuen Töne Orange, Grün und Blau. Die eingehakten Sichtschutzblenden aus Methacrylat, die Rollcontainer und die Schränke mit Türen aus Melamin oder mit Türen mit Aluminiumrahmen und Acrylplatte können an die Farbe des Stützbeins angepasst werden.

La pata de ATREO está realizada en perfil de metal barnizado con polvo epoxi y está disponible en 5 colores distintos: gris, blanco y los nuevos tonos naranja, verde y azul. El color de la pata puede combinar con las pantallas enganchadas de metacrilato, las cajoneras y los armarios de puertas macizas con revestimiento melamínico o con marco de aluminio y relleno de acrílico.

La gamba di ATREO è realizzata con profilo in metallo verniciato a polveri epossidiche ed è disponibile in 5 colorazioni diverse: grigio, bianco e le nuove tinte arancio, verde e blu. Al colore della gamba possono essere abbinati gli screen agganciati in metacrilato, le cassettiere e gli armadi con ante piene in melaminico o con telaio in alluminio e riempimento in acrilico.

ATREO

ATREO

ATREO

ATREO

ATREO

ATREO provides ideal solutions for furnishing work areas, including operative and executive offices, as well as official and meeting rooms. Without an outer frame, extremely versatile layouts can be created, adapting to different situations. The desktop is directly anchored to the supporting legs with the aid of cross stays.

ATREO offre des solutions astucieuses pour l'aménagement de tout type d'espace professionnel, à partir des bureaux opérationnels jusqu'aux salles de direction, de réception ou de réunion. L'absence de cadre périmétral permet d'avoir une grande flexibilité et donc de concevoir des agencements de tout type s'adaptant à toute exigence. Le plateau est appliqué directement sur les pieds de soutien à l'aide d'entretoises.

ATREO bietet geeignete Lösungen für alle Arbeitsplätze und richtet Büros, Direktions- und Repräsentationszimmer sowie Versammlungsräume ein. Das Fehlen eines umlaufenden Rahmens bietet große planerische Flexibilität und ermöglicht Einrichtungen, die sich den unterschiedlichsten Raumsituationen anpassen. Die Platte wird mit Hilfe von Verstrebungswinkeln direkt auf den Stützbeinen befestigt.

ATREO ofrece soluciones adecuadas para amueblar los espacios laborales, desde las oficinas operativas o los ambientes de dirección y representación a las salas de reuniones. La ausencia de marco permite una gran flexibilidad de proyecto y la máxima adaptabilidad a las distintas situaciones. El sobre se fija directamente sobre las patas portantes con la ayuda de soportes transversales.

ATREO offre adeguate soluzioni per l'arredo di spazi lavorativi, dagli uffici operativi agli ambienti direzionali e di rappresentanza alle sale riunioni. L'assenza di telaio perimetrale consente grande flessibilità progettuale e adattabilità a diverse situazioni. Il piano viene fissato direttamente sulle gambe portanti con l'ausilio di staffe di controventatura.

ATREO

ATREO

L'elettrificazione della scrivania ATREO può essere effettuata attraverso vertebre in materiale plastico traslucido. Una vasca in metallo fissata sottopiano consente la raccolta dei cavi a cui l'operatore ha accesso tramite passacavi o top-access. Nelle postazioni multiple il contenimento dei cavi viene effettuato attraverso i supporti centrali.

The ATREO desk can be fitted with translucent plastic cable tidies. A metal tray fastened under the desktop enables cables to be grouped together, making them accessible for the operator via cable ducts or directly from the desktop.

Multiple workstations have their cables housed in central supports.

ATREO

L'électrification du bureau ATREO peut être effectuée en appliquant des vertèbres en matière plastique translucide. Un plateau en métal fixé sous le plan permet de rassembler les câbles auxquels l'opérateur peut accéder au moyen d'un passe-câbles ou d'un top accès. Sur les postes de travail multiples, les câbles sont rassemblés dans les supports situés au centre.

Die Elektrifizierung des Schreibtischs ATREO kann durch Kabelkanäle erfolgen. Ein unter der Platte befestigter Metallbehälter ermöglicht die Sammlung der Kabel, auf die der Benutzer mittels Kabelausgänge oder Top-Access Zugriff erhält. Bei Mehrfacharbeitsplätzen erfolgt die Unterbringung der Kabel in den zentralen Stützelementen.

La electrificación del escritorio ATREO puede realizarse a través de vértebras de material plástico translúcido. Una bandeja de metal fijada debajo del sobre permite recoger los cables, a los que el operador accede por medio de pasacables o desde arriba. En las estaciones de trabajo múltiples el alojamiento de los cables se realiza a través de los soportes centrales.

*ATREO also provides
a height-adjustable
leg version, ranging from
62 - 82cm.*

*ATREO présente également
une version de piètement
réglable pouvant se
rallonger en hauteur
de 62 à 82 cm.*

*ATREO präsentiert
auch eine Version mit
höhenverstellbarem
Stützbein, die mögliche
Höhe reicht von 62 bis 82 cm.*

*ATREO presenta también
una versión de pata
regulable en altura,
con una oscilación
de 62 a 82 cm.*

ATREO presenta anche una versione di gamba regolabile in altezza con escursione da 62 a 82 cm.
